PRIMARY / MATHEMATICS
Complete Primary Mathematics

COMPLETE PRIMARY MATHEMATICS is a carefully graded series. The books are written in six parts from classes 1 to 6. This series holds a modern approach to teaching of mathematics.

Salient features of the series:

1. **'Recall'** — a cumulative revision exercise is so designed that it is capable to bridge the gap from one grade to next.
2. Sufficient **examples** and **exercises** are provided to make the students understand the mathematical concepts clearly.
3. Problems given in the section **'Try This'** provide extra practice to the students.
4. Problems given in the section **'Tricky Task'** are for developing Higher Order Thinking Skills (HOTS) in them.
5. Projects are given under the head **'Mental Power'** so that students can learn mathematics by the process of 'learning by doing'.
6. Wherever applicable, the concepts have been made interesting by giving **catchy** illustrations.
7. **Laboratory Activities** are included to build logical skills in students and to make mathematics more than just numbers.

1. Complete Primary Mathematics - 1

2. Complete Primary Mathematics - 2

3. Complete Primary Mathematics - 3

4. Complete Primary Mathematics - 4

5. Complete Primary Mathematics - 5

6. Toujours Français - 6
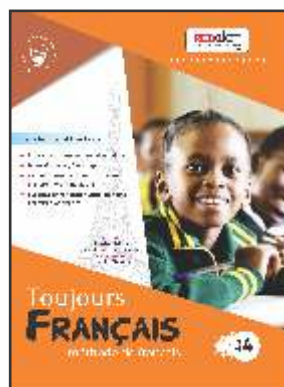

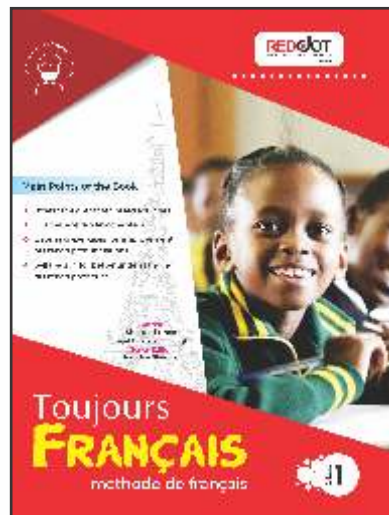

PRIMARY / MATHEMATICS
## Quantitative Reasoning

'Quantitative Reasoning for Primary Schools' is a series of six books specially designed to meet the new challenges of the Universal Basic Education (UBE) which places a great emphasis on quantitative reasoning.

The items are generated from the contents of the New National Primary Mathematics Curriculum compiled by the Nigerian Educational Research and Development Council (NERDC).

Highlights of the books are:

- Clearly stated objectives
- Graded worked-out examples
- Review exercises and tests

- Elegant and colourful illustrations
- Graded exercises

1. Quantitative Reasoning - 1
2. Quantitative Reasoning - 2
3. Quantitative Reasoning - 3
4. Quantitative Reasoning - 4
5. Quantitative Reasoning - 5
6. Quantitative Reasoning - 6
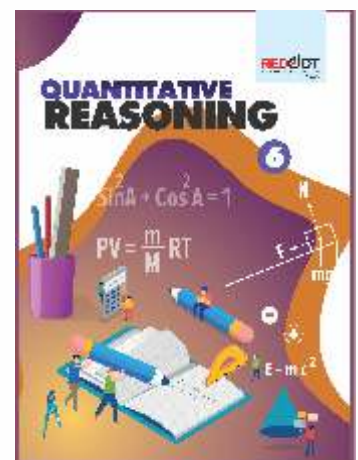

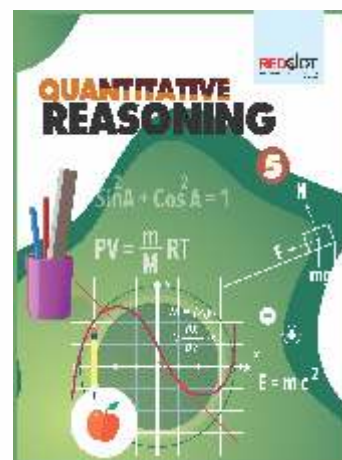

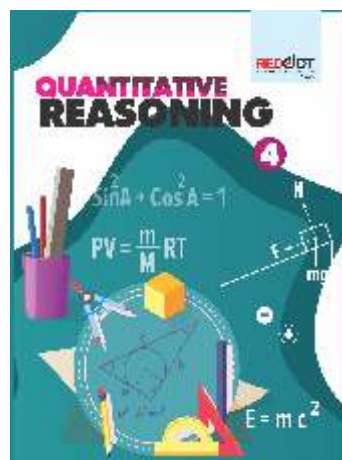

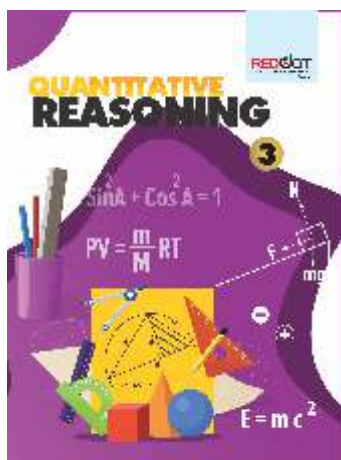

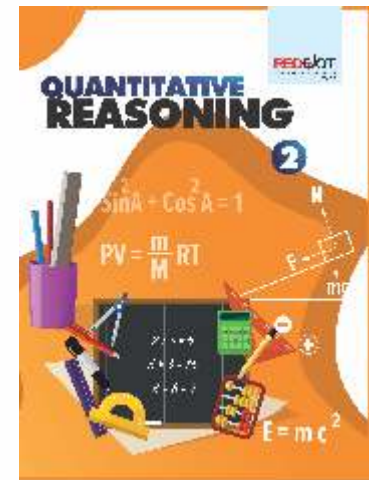

VERBAL REASONING

Verbal Reasoning can be defined as the ability to understand and reason using words. Verbal reasoning exercises evaluate one's ability to think constructively and do not rely on the language fluency or vocabulary recognition.

These skills enable us to use our language skills in order to negotiate and explain within our environment. Let us think about our day-to-day life. We are constantly asked to explain our reasons for doing something. Our ability to understand the possible outcomes and then use our language in order to negotiate our way to the one that is preferred is not only a life skill but also a skill that sets us apart from other species.

In this present series of books, specially crafted exercises and tests have been given according to the level or age-group of the children. These books are meant for education in schools as well as at home.

1. Verbal Reasoning - 1

2. Verbal Reasoning - 2

3. Verbal Reasoning - 3

4. Verbal Reasoning - 4

5. Verbal Reasoning - 5

6. Verbal Reasoning - 6
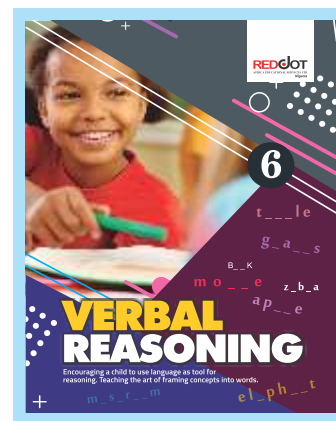

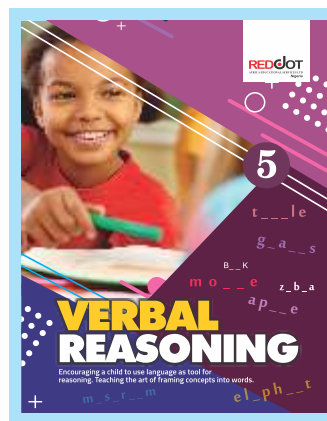

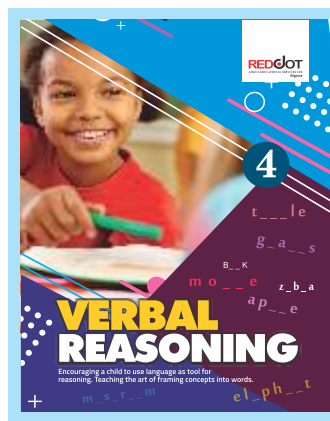

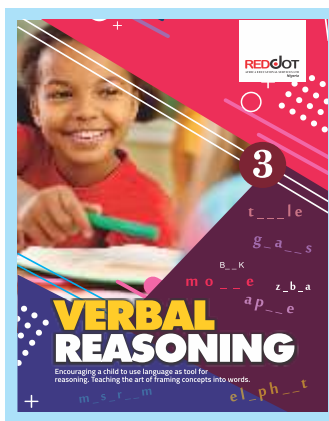

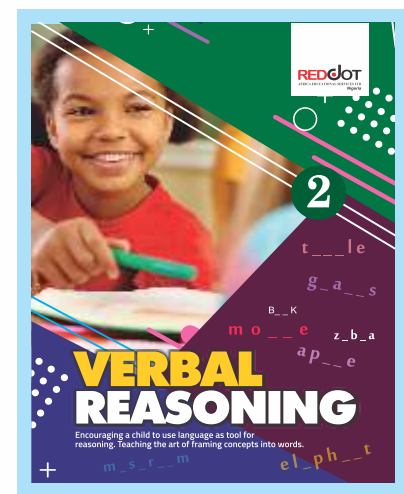

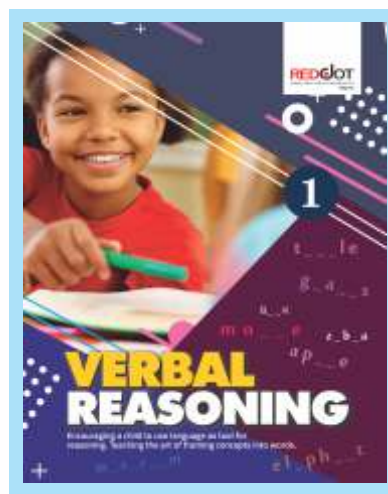

Encouraging a child to use language as tool for reasoning. Teaching the art of framing concepts into words.

PRIMARY / BASIC SCIENCE

Experimental Basic Science and Technology

Experimental Basic Science and Technology is a series of 6 books for classes 1 to 6 along with the workbooks. The books are based on the 6-year curriculum for Basic Science and Technology developed by the Nigerian Educational Research and Development Council (NERDC).

The new series focuses on activating the curiosity of students and providing them opportunities and information necessary to find out the answers to their questions in the world of science.

The salient features of this series are:

- Simple and easy to understand language of the text.
- The text is presented with beautiful and precise illustrations.
- Ample activities and experiments to encourage active learning of science.
- **Did you know?** discusses about some amazing facts.
- **Let's Discuss** enhances the skills of exploring and discussing a particular topic.
- **Know More** provides some extra information.
- **Activities** provides an interactive way to explore the concept through various tasks.
- **Exercises** cover different types of questions.

1. Experimental Basic Science and Technology With Work Book - 1

2. Experimental Basic Science and Technology With Work Book - 2

3. Experimental Basic Science and Technology With Work Book - 3

4. Experimental Basic Science and Technology With Work Book - 4

5. Experimental Basic Science and Technology With Work Book - 5

6. Experimental Basic Science and Technology With Work Book - 6
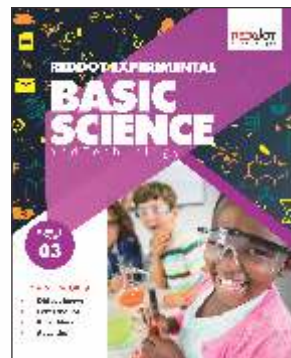

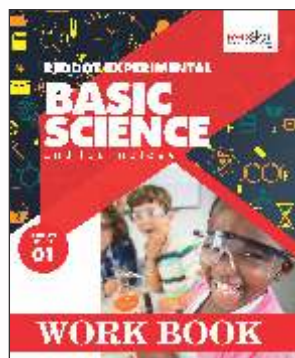

ICT CONNECT

Computer and Information Technology now enhanced to ICT (Information and Communications Technology)

A series of computer books designed to introduce the students into the arena of information technology. The series is planned, designed and produced with ample illustrations so as to make the learning process effortless. Also it is integrated in such a way that the imagination and curiosity of the students remain alive throughout the learning process.

1.   ICT Connect - 1

2.   ICT Connect - 2

3.   ICT Connect - 3

4.   ICT Connect - 4

5.   ICT Connect - 5

6.   ICT Connect - 6
